Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Saturday 03 Apr 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Another dry night, with frost for many. Feeling cold.

This Evening and Tonight:
Remaining dry this evening and overnight with clear skies, feeling cold. Many will see frost form overnight, in addition to some fog patches developing in the early hours across the region. Light winds. Minimum temperature -1 deg C (30 deg F).

Sunday:
A frosty and foggy start for many, feeling chilly, with sunny spells through the afternoon before cloud encroaches. Rain followed by showers overnight, with some falling as hail or snow. Maximum temperature 13 deg C (55 deg F).

Outlook for Monday to Wednesday:
Cold, wintry, and windy through this period, with widespread frosts. Snow showers and possible hail Monday and Tuesday, before conditions ease slightly on Wednesday.
